

Indoor Cycle G510

SportsArt ECO-POWR™ cycles are part of our green technology product line with integrated micro-inverters built in, and the first of its kind to harness the power of human energy and put it back into the grid. When plugged into a power outlet the human energy generated converts to utility-grade electricity, offsetting significant savings for the club owner.

- ECO-POWR™ Integrated Inverter
- Variable electro-magnetic resistance and emergency stop for safety
- Whisper quiet poly-v belt offers smooth, consistent motion
- Universal 9/16 thread allows for use of aftermarket pedals
- Digital display included
- Fore and aft adjustment on seat and handlebars

Overall Weight	Dimensions	Resistance Level	Maximum User Weight
142 lbs	41" x 24.5" x 52"	40	500 lbs
