

Upright Cycle G575U

SportsArt ECO-POWR™cycles are part of our green technology product line with integrated micro-inverters built in, and the first of its kind to harness the power of human energy and put it back into the grid. When plugged into a power outlet the human energy generated converts to utility-grade electricity, offsetting significant savings for the club owner.

- ECO-POWR™ Integrated Inverter
- Fore-mid-aft seat adjustment allows for optimal seat positioning
- Unique low profile shroud allows easy access
- Two sets of contact heart rate pads allow users to easily obtain heart rate information in any riding style
- Oversized pedals feature quick strap adjustment for easy customization

Overall Weight	Seat Adjustment Length	Dimensions	Resistance Level	Maximum User Weight
